SGMHS AERIES WAIVER 2012 - 2013

Parents/Guardians:

Т1- - - 1- ----

Aeries is the online grading system used as the primary source of information for both parents and students. This website is available on any device equipped with internet access (computers, tablets, smartphones, etc.) Without a login to Aeries, you will have very limited access to your student's progress in her classes. Aeries is our primary way of communicating student grades on a daily basis to parents and students. To prevent your daughter from failing a course it is essential that your Aeries accounts be set up. With an account, teachers and parents can communicate directly through email. You will also be able to receive PDF files of your student's grades. Both parents and students are to have their own accounts. Parent accounts include features such as parent hours and immunization records which are not available to students.

All parents who have already set up their Aeries accounts, your accounts will remain intact for next school year. You will be able to sign in with the same email address and password. During the summer you can make changes to your contact information when available. Both parents and students will have their own log in. If you have more than one student at Mission, you may use the same log in.

All parents who have yet to create an account, you must have an email address, your student's permanent ID number, home phone number on file and Verification code. This information will be given when the 2012-2013 school year begins.

All parents/guardians must select to either gain access to an Aeries account or waive their rights to Aeries. Please make sure to select an option below. When the school year begins, you will receive the Student ID and Verification Code to set up an account if necessary. If you have any questions or concerns, please feel free to contact me.
